Members Present

Professor Watkins, Professor Thompson, CTDI team, Griffin Dunn, Colin Madigan, Phil Stahlfeld

15:00 to 15:05 Introductions

Introduction of clients and team to panel

15:05 to 15:15 Discussion of documents

Professor Watkins describes project accurately before team discusses the project. Demonstrates solid problem statement and technical specifications.

15:15 to 15:30 Open Discussion

Discussion of Microsoft research paper. Suggestions to contact them about obtaining source code. Thompson and Watkins might have contacts there.

Question about what the capture system is. Camera? App?

What is the distance from the board? What is the minimum resolution?
